—The following items are from the Helena *Clarion*:

We understand our white policemen have been displaced and negro Radicals appointed in their stead.

D. S. Fisher, J. D. Richards and W. H. Rogers have been appointed Registrars for this county.

A little boy on the Lamb place was killed by the accidental discharge of a pistol in his own hands on last Saturday.

We have heard that a case of infanticide occurred in this county last week. We have not been able to obtain the name of the mother or particulars attending it.

—The *State Gazette* says whenever it calls a Radical a "thief" it is prepared to prove it.

—On account of failing health, Gen. Hindman has been compelled to decline a great many invitations to speak in various parts of the State. He has requested the Helena *Clarion* to state that in consequence of private business and ill health, he will not be able to accept any invitations beyond this vicinity.

—The Augusta *Sentinel* says of the crops in Woodruff county: The corn crop is well nigh matured, and truly on the bread question Woodruff is all right, and we believe that a larger amount of hogs will be killed this fall in the county than at any time since the war. The cotton on the richest and freshest lands is growing too large. On other lands the weed grows less and bears more. We expect, however, from present appearances that more will be raised than can be gathered.

—Speaking of the arrest of the three scalawag members of the Legislature for stealing, the Helena *Clarion* says:

The *Shield* harps on Southern boasted hospitality. We have this to say: If Brooks and his party had gone frankly to any good and respectable citizen of this county, and said, "Sir, we have ridden a long distance, we and our horses are tired and hungry. We know, sir, that you oppose us; that we have made war upon you politically, and can't claim your hospitality; all, sir, we ask is food for ourselves and our animals, for which you shall have our thanks and pay." If they had applied in this spirit, they would have been met in the spirit of accommodation, and obtained what they wanted. It is strange, indeed, that they traveled fifty miles through a country densely inhabited by their constituents, and found not one of their supporters to extend to them the least hospitality.

ALABAMA.

—From the Mobile *Evening News* of Saturday, we clip the following:

The Governor has appointed Wm. B. Gill, Mayor of Selma.

Levi Floyd, a well-known colored Democrat, spoke at the meeting on Saturday last in Greenville.

At Selma, a policeman came upon a negro Sunday night, in the very act of breaking into a store, and attempted to arrest him. The burglar reached the bank, jumped over the high bluff near the coal yard, and it was supposed was killed and carried away by the river.

Mr. John Watson, a worthy citizen living some three miles east of Moulton, accidentally shot himself on Monday morning of last week while out hunting, inflicting mortal wounds in his left side. He died Tuesday night, leaving a wife and child to mourn his untimely death.

—The Livingston *Journal* of the 7th, says: We have no improvement to note in the state of the weather. Since our last issue rains have occurred almost daily, and there are no signs of a change. Without an early improvement, the fodder crop will be a complete failure. Respecting the cotton crop, the most gloomy forebodings are generally entertained.

—The Montgomery *Advertiser* says that nearly all the members of the carpet bag circus have drawn their pay for their valuable services rendered the State. Some of them insisted on not taking the Patton notes for fear they wouldn't pass, and when told that the notes would at least pay taxes, the reply is, "Oh, d—n the taxes, I haven't got any to pay."

A New Sensation in England.

The heat in England has been intense, and their papers are full of talk about the weather. Among the phenomena resulting from this exceptional state of atmospheric arrangements is the colonization of a party of genuine mosquitoes, which arrived in the rigging of a ship from Bermuda, "landed at Woolwich Dockyard, placed two marines *hors du combat* with closed up eyes, and, by the latest accounts, was advancing on London." The etomologists only are in ecstacies at the new arrival. The mosquito has been hitherto unknown in England. One can imagine the disconfiture of the cockneys in their skirmishes with the "bloody floys." Nay, the imagination, taking a bolder flight, (like that of the mosquito), may follow the demnition insecte into kings' houses, and view Her Gracious Majesty striking madly right and left, as one that fighteth the air. Or we may picture, by the same process of mental photography, a scene in the House of Lords, where the eloquence of some high old Duke of Windlestraw is arrested in mid-volley by an unparliamentary bite on his well-cut nose, while his hearers, wrought into frenzy by the double bore of orator and insect, are slapping thighs and faces, and with open hands charging wildly into space after real or imaginary mosquitoes.

Well, the bold Britons can spare the blood, and so we wish the mosquitoes a lively time and many happy returns. Let them waltz through that bright little, tight little, "bloody" little island—these gay and festive, gore-guzzling little revellers—singing their thrilling songs, and choosing their tap of Howard or Plantaganet according to the turn of their loose fancies and the law of their own sweet wills.

There is compensation in things generally. It may comfort the pestered and punctured Britisher to know, as he rubs the swollen cuticle and condemns the insect that has wrought his disquiet, that the colonization of the mosquito adds another to the "permanent institutions" of old England—for where this enterprising insect comes, he comes to stay. He "sticks" better than Stanton. He will never leave the land. And every slap which John Bull aims at him should be tempered to gentleness by the fact that the mosquito henceforth becomes one more important element in that "community of institutions" which—with one or two unpleasant exceptions—has made so much love between England and America. Let us continue to love harder—each fighting his own flies and biting and being bitten.

—The customs receipts from August 1st to August 8th, were $36,392,205.

—The New York Democratic State Convention is to meet in Albany September 2d.

—The New York Herald predicts Seymour's election.

—Among the latest inventions is a rubber bath tub, about three feet in diameter when inflated, which can easily be stowed away in a lady's satchel.

—The internal revenue receipts continue to average about $500,000 per day.

BY TELEGRAPH.

Noon Dispatches.

NEW YORK, August 17.—We have telegraphic advices from Vera Cruz to the 13th and from Mexico City to the 10th instant.

Romero had arrived at the capitol, and had resumed his duties as Minister of the Treasury.

A reinforcement of five hundred men had been sent to Altearo who is operating against Negretta.

Cortina refused to join in Negretta's rebellion.

Two officers of the third precinct were conveying a prisoner to the stationhouse Saturday night, when they were set upon by a gang of rowdies. The prisoner was rescued. An hour afterwards the officers arrested the ringleaders and were again assaulted; but being reinforced, made good the capture. Two officers who reinforced them, however, were seriously injured. Friar, the prisoner, was held in $1000 bail.

An attack on the police was also made by the rowdies in Brooklyn. The roughs are said to have declared that they would clean out the whole police before November; and, taken in connection with these threats and the bloody assaults not long ago, it seems probable they are at least trying it on.

The funeral of Sewell Fisk, a high official of the order of Freemasons of this State, took place from St. Ann's Church, on Eighteenth street, yesterday, with a grand Masonic demonstration.

Rev. Stephen H. Tyng, jr., and other clergymen, with their city congregations, preached open air sermons in various parts of the city yesterday. They had generally well behaved and numerous audiences.

TITUSVILLE, PA., August 17.—Five persons were killed, and twelve or fifteen seriously injured, by a railroad collision near Rouseville.

DETROIT, MICH., August 17.—Professor Watson has discovered a planet of the tenth magnitude.

FROM WASHINGTON.

Special Telegraphic Correspondence of the Louisville Courier.

COMMISSIONER ROLLINS.

WASHINGTON, D. C., August 15.—Commissioner Rollins will arrive here on Monday and resume discharging his duties.

Speculations continue as to what will happen with regard to a successor in his office, and it does not appear that there is anything of a definite character which has transpired to confirm either the opinion that he will resign or that he will continue to occupy his present official position.

MUCH EXCITEMENT

is created by the non-appointment of supervisors, and the consequent stoppage of work of distillers.

SECRETARY BROWNING

leaves here next week for the Northwest. The matter of paying female clerks in the Interior Department, which has been referred to him, remains as yet undecided.

GEN. ROSECRANS

will depart for Mexico after transacting some business in the Southern States.

NEW CONSUL.

The President has recognized Carl Theodore Ferdinand Schwartz as Consul of the North-German Confederation at Louisville.

THE REVENUE MACHINE.

The internal revenue concern is really run by W. E. Chandler, late Assistant Secretary of the Treasury, who it is understood declares he will not consent to any substitute for Mr. Rollins except an approved Radical, who will run the machine in the Radical interest.

SEVEN-THIRTIES.

The conversion of 7-30 bonds has been stopped. Secretary McCulloch has decided to convert no more of them into 5-20s. All persons holding such bonds, can, however, have them redeemed.

VACANT COLLECTORSHIPS.

No appointments have yet been made for New Orleans or Alaska collectorships. Thos. E. Ewing, sr., is spoken of for the Alaska appointment.

APPOINTMENTS.

A number of new appointments of storekeepers under the new revenue law, relating to distilled spirits and tobacco, were made to-day.

MRS. TOWNSEND

is not expected to live through the night.

POLITICIANS

have all left the city to-day in the Presidential cause.

A SPECK OF WAR.

A rumor is current among the diplomatic corps that the French Minister had received intimation from home that a war between Prussia and France is imminent.

Shipments of bullion will be made for investment in this country by the Prussian Minister, Baron Geroldt, who expresses alarm.

SATISFACTORY APPOINTMENT.

The appointment of Geo. D. McCartee, in charge of the Currency Bureau, during the absence of A. W. Clark, gives great satisfaction.

MISSISSIPPI.

—There have been three cases of small pox at Ripley.

—W. G. Grace has become one of the editors and proprietors of the Meridian *Gazette*.

—A man named Burns, at Lauderdale, who had been bitten on the finger by a highland moccasin, drank four tumblers of barroom whisky, and died after remaining in a state of stupid insensibility two days.

—A deaf and dumb negro, who, it is said was an important witness in the McSwine assassination case, was murdered on the 3d inst., by the Loyal Leaguers. A few nights afterwards a band of men in masks took the assassins of McSwine from the Coffeeville jail and hung them.

—The Columbus *Sentinel* of the 11th, says: In conversation with several of our largest prairie planters, we do not learn of any material damage done their crops, and a dry spell now will doubtless produce the largest crop made since the surrender. The sandy-land planters apprehend no danger.

—Two brothers, named Campbell, at Gainesville Junction, went to the house of one Hughes, to "settle a difficulty." He obtained permission to get his gun, and finding one of the barrels uncapped he asked them for a cap, which was given him. Just then one of the Campbells fired, but missed him, and ran off. Hughes shot the other dead, but was detained by his wife from pursuing the one that ran. He was examined by a magistrate and discharged.

—Rev. Charles W. Fitzhugh, colored, late a member of the Mississippi Convention, and Radical candidate for the Legislature in Wilkinson county, has renounced the Radical party and now proclaims himself a Democrat. He charges the Radicals with having basely deceived and swindled his people, and says he now believes the success of the Democracy to be the colored man's only hope for prosperity. He lately canvassed the county of Wilkinson, endeavoring to induce his people to abandon Loyal Leagues and Radicalism, and is exceedingly earnest and energetic in his endeavors to repair the injury done by his previous course.

STATE FEMALE COLLEGE,

THE Fall Session of this Institution will commence on MONDAY, the 14th of September next, with a full and superior corps of teachers in all the departments. In addition to the branches usually taught, arrangements have been made for a full course of lessons in PHYSICAL CULTURE according to the system of Dio Lewis. The City Railroad Cars now run out to the College, and render city patronage perfectly practicable. Parents and guardians in the city will find on inquiry that they can enjoy the benefits of this superior school and make a saving—even when car-fare is added—of 25 to 33 per cent. on tuition bills. MEMPHIS APPEAL.

ALBERT PIKE & CO.

Vera Atque Honesta Dicere.

WHY IS IT?—TO OUR ARKANSAS EXCHANGES.

For several mails past our files of Arkansas papers have been growing "small by degrees and beautifully less." Yesterday they had dwindled down to three papers. We send the APPEAL with our accustomed regularity, and we know that the fault does not lie in the postoffice at this point. Will our Arkansas cotemporaries who exchange with the APPEAL please try and remedy this state of things?

AN ERROR CORRECTED.

We were mistaken in stating, yesterday, upon information given us by the attorney for the plaintiff in the case, that in the suit of Park vs. Thomas A. Hamilton, in the United States Circuit Court, one juror only was for acquittal. We learn, from two of the jury, that it was equally divided, six against six. It is due to Mr. Hamilton that he should have the benefit of this, and it is due also to the person supposed to have stood alone, and whose name was given us. The defence was, as was stated, that Mr. Hamilton seized the sugar as agent or officer of the Confederate States, by authority of Gen. Slaughter. The influences upon the single juror, of which we spoke, could not have operated on half the jury; and this, especially, we rejoice to know.

A NEW SURPRISE.

We received, yesterday, and read with great surprise the following letter:

MEMPHIS, August 15, 1868.

Friend Pike:

I heard many remarks during the last two weeks relative to your attack on foreigners. An Irishman of property told me to-day that sixty pledged themselves last night not to take your paper while you are down on them as of late; and last Saturday I heard two Jews say your paper was getting to be a Know Nothing paper, and had ordered your paper stopped and would cause others to do the same. I did not see the articles myself, and perhaps they escaped your own sight, but they put them on you individually. I fear it may not only injure your paper in a pecuniary point of view, but the Democratic cause at this time.

Yours truly, ———.

We have read this letter with surprise, because we have certainly written no attack on foreigners or upon our Hebrew fellow-citizens; and if anything of the kind has appeared in the APPEAL, it has not expressed our sentiments or had our sanction. An article abusive of Jews was copied into the APPEAL from a *Radical* journal in Indiana, to show in what manner the Grant organs spoke of them; but it would be utterly impossible for us to *attack* citizens of foreign birth or Hebrews, because we have for both no feelings but those of respect; and we have certainly again and again expressed those feelings. Once, when the whole foreign vote of the North was cast against the Whig party, we *were* opposed to the foreign element; but that time has long since passed. We welcome our foreign-born citizens as allies and co-workers with us in the great cause of constitutional liberty; and it is the extremity of injustice to impute to us any feelings of dislike against them. We know no difference between them and the native-born. We have nothing to do with what is written for the *local* columns of the APPEAL; but we do not know of any attacks on foreigners even in them; and if we had seen any, should certainly have forbidden their repetition. The imputation comes upon us like thunder out of a clear sky; and must be wholly founded on some misunderstanding and misapprehension.

TEST OATHS, AND THE FRANCHISE LAW OF TENNESSEE.

Eighty thousand citizens of Tennessee, it is believed, are disfranchised by acts of the Legislature of the State, by means of the test-oath which they are required to take as a condition precedent to the right of voting. It is insisted that this legislation is unconstitutional, and not in reality obligatory upon any one; and that the Supreme Court of the State grievously erred in holding it valid, and the exercise in a lawful manner of a lawful power.

When so great a body of men are united in one political organization, and the nature of their action must in a great measure depend upon their convictions as to the constitutionality or invalidity of the legislation that disfranchises them, it is of the utmost importance that they should possess, not mere opinions or notions upon that subject, but convictions produced by demonstration, in acting upon which they may not step doubtfully and hesitatingly, but with the firm and unshaken confidence of those who know that they assert a plain right, and that their cause is entirely just.

We propose to show, from the decisions of the Supreme Court of the United States, that the law which requires an oath that the party has not been guilty of certain acts stigmatized as criminal, as a condition precedent to his voting, is unconstitutional and void. Fortunately, it will not be necessary for us to do much else than quote the language of the court, interpolating very little of our own;—fortunately, because the explicit language of the Court upon the principal points involved, ought to and possibly may, convince, some of our opponents, who desire only to arrive at honest conclusions, of the unconstitutionality of the law, and so aid in bringing about its peaceable repeal.

First, however, we propose to consider whether the Franchise Act is, as some imagine, an integral part of the Constitution of the State, or a mere ordinary exercise of the legislative power, repealable by the Legislature at any time.

The Constitution of the State, adopted in Convention in the year 1834, provided in what manner it could be amended,—i.e., by propositions agreed to by a majority of all the members elected to each House of the Legislature, by yeas and nays, at one session, and by two-thirds of all the members elected, at the next session; and finally by a majority of the citizens of the State voting in their favor.

On the 9th of January, 1865, pursuant to the call of an Executive Committee for Middle Tennessee, composed of five members, a Convention assembled at Nashville, and proposed certain "alterations and amendments to the State Constitution;" by the following declaration:

"We, the People of the State of Tennessee, and of the United States of America, in Convention assembled, do propound *the following alterations and amendments to the Constitution*, which, when ratified by the sovereign, loyal people, shall be and constitute a part of the permanent constitution of the State of Tennessee.

Proposed alterations and amendments:

"Section 1. That slavery and involuntary servitude," etc.

"Section 2. The Legislature shall make no law recognizing the right of property in man."

Then follow a "schedule," containing nine sections, several resolutions and the form of an oath to be taken by voters.

Section 1st of the schedule abrogates Section 31st of Article 11 of the Constitution of 1834, forbidding the passage of laws emancipating slaves.

Sections 2d and 3d annul the Ordinance of Secession, and the Convention entered into with the Confederate States.

Section 4 suspends the running of the Statute of Limitations and provides the mode of proceeding in attachment suits, giving power to the Legislature to change the law on each subject.

Sections 5 and 6 annul certain laws, ordinances, resolutions, etc. of "the usurping State Government." These provisions, like those of sections 2, 3 and 4, were competent to be enacted by the ordinary legislative power.

Section 7 ratifies the Governor's appointments of certain officers. This, too, the ordinary legislative power could do.

Section 1, therefore, is the only one of all these, which required the exercise of the sovereign power and will of the people expressed by a Convention, to give it validity and effect,—in other words, is the only one which was necessarily to become a part of the Constitution itself.

The 8th section provides that "*the proposed amendments to the Constitution, and the Schedule thereto,*" should be voted on by the people, and "upon the adoption thereof" by them, an election for Governor and members of the Legislature should be held.

And then follows this provision, as Section 9: "*The qualifications of voters and the limitations of the elective franchise may be determined by the General Assembly which shall first assemble under the amended Constitution.*"

The first Resolution provided how votes "in favor of the foregoing amendments and schedule" should be given.

The second provided the oath to be taken, "when the above amendments of the Constitution" should be submitted to the people.

The others have no bearing on the question.

There is no provision whatever, it will be seen, that any enactment under Section 9, as to "the qualifications of voters and the limitation of the elective franchise" should become or be considered as a part of the Constitution, or be irrepealable by a subsequent Legislature. Section 4 provides that the Legislature may prescribe when the Statute of Limitations shall commence running; and may change the provisions of that Section as to suits by attachment. When the Legislature does so, will its enactment become part of the Constitution, or part of the Schedule, in lieu of the second clause of this Section 4, whereof it will take the place?

Admit that the Convention had, under the circumstances, the power to amend the Constitution, notwithstanding its own provisions as to the mode by which only it should be amended. Admit that it *could* delegate to the Legislature the power to amend or add to that instrument, possessed by itself; can it be inferred, on any sound principle of construction, that a mere grant of power to the first General Assembly to determine the qualification of voters and the limitation of the elective franchise, was a delegation of power to that Legislature to incorporate its enactments into the Constitution, or intended to make those enactments more sacred than others, and irrepealable by any subsequent legislature? Such a delegation of a delegated power could only be effected by express words. It is certainly not to be inferred from a mere grant of power to legislate on the particular subject.

The "act to limit the Elective Franchise" was passed on the 5th of June, 1865, the power being reserved, by section 9, to alter, amend or change its provisions, *at any time* when, "in the opinion of this General Assembly of the State," it should be right and prudent to do so.

The Supreme Court of the State, in *Ridley vs. Sherbrook*, said that the Convention "proposed to the people for their ratification or rejection, certain amendments to the Constitution of the State, with a schedule thereto annexed, all of which was ratified". . . whereby, on the Proclamation of the Governor, "the said amendments and schedule were declared to have been adopted by the people of the State, *and said amendments became a part of the Constitution*; and the provisions of said schedule, for all the purposes for which they were assigned, had all the force of constitutional provisions."

And of the 9th Section, the Court said, "By this provision of the schedule, the Sovereign People conferred upon the General Assembly designated, the same absolute, unlimited and sovereign power to determine the qualification of voters, the right to limit the elective franchise, which the members possessed in their sovereign capacity."

Admit that the 9th Section of the schedule became a part of the Constitution. Then the Constitution said, "The first General Assembly that convenes *may determine* the qualification of voters and the limitation of the elective franchise." Because *this* provision was a part of the Constitution, did the enactment of the Legislature in the exercise of the power granted *also* become part of the Constitution? Section 4, as we have said, also authorized legislative action on two subjects. Because it became part of the Constitution, did the action taken by the Legislature on those subjects, also become a part of it?

The Constitution of 1834, which the Convention proposed to amend, provided, by Section 1, of Article V, that "every free white man, of the age of twenty-one years, being a citizen of the United States, and a citizen of the county wherein he may offer his vote, six months next preceding the day of election, shall be entitled to vote for members of the General Assembly," etc.

And Section 2 provided that "Laws may be passed, excluding from the right of suffrage, persons who may be CONVICTED of infamous crimes.

These very serious questions present themselves:

First, Whether the Convention *meant* to empower the Legislature to annul the first of these provisions as to 90,000 citizens, and to set aside the exception, established by the second, of any mode of disqualifying men to vote, on account of crimes committed, except by legal trial and conviction.

When the Constitution declared that the Legislature *might* disqualify persons convicted, it absolutely forbade the disqualifying of persons not convicted; according to the well-known maxim, *Expressio unius, exclusio alterius est*: and also, because, giving to *all* white men over twenty-one years of age the right to vote, it confers on the Legislature *only* the power to disqualify those thus invested with the right, who may be convicted of crime.

Are we at liberty to suppose that the Convention meant to confer this immense and odious power on the Legislature? Did they *say* that they meant to give the General Assembly the power to annul these great provisions of the Constitution? that they meant to give them the power to *change* the Constitution, and that in its most essential provisions? Must not a decent respect for the Convention compel us to hold that it intended *only* to empower the Legislature to do all the Constitution allowed, to legislate *in furtherance* of the provisions, fundamental in their character, which we have quoted? It is not *said* that they shall have power to change the Constitution. It is not said that what they may enact shall be part of the Constitution, irrepealable by any future Legislature. Can we resort to the vague belief that it was intended to empower them to disqualify unconvicted rebels, to avoid the principle, universally acted on by the courts, until the Supreme Court of Tennessee went astray "following its fantastic fancies in the spacious fields of imagination," abandoning the safe paths of the law, precedent and principle, and coining counterfeit law for the State,—the principle which is the sheet-anchor of sound construction of statutes, that an intention to do violence to the Constitution is never to be presumed, nor indeed, to be allowed to prevail, if there be any possible way of harmonizing the new enactment with it?

Second, If the Convention intended to empower the Legislature to change the Constitution, and to annul the right of eighty thousand men to vote, to whom the Constitution guaranteed that right, and from none of whom, under it, could the right be taken away, except upon conviction of an infamous crime, *could* it delegate that power to the Legislature?

We must postpone the consideration of this question until to-morrow. The straitened circumstances of journalism here limit us in space.

HOW MUCH DO YOU PITY HIM?

We think it was old Stephen Girard, who, when several demonstrative people were eloquently pitying a poor man who had been disabled by a fall, asked them, "How much do you pity him? I pity him twenty dollars;" and handed him a bank note for that amount.

It is the easiest thing in the world to suggest that colored orators should be sent liberally about the country to convert the Electors of their race to Democratic orthodoxy; and it is no doubt a good work to do so.

But, after all, when there are a score of these who wish to travel and instruct their people, and there are no funds at all in the Treasury of the Central Club, to pay for anything, how are we to send these orators on their apostolate?

The Central Club has now appointed a Committee to receive the applications of those desiring to be so employed, to select a sufficient number out of the whole, and to see how the ways and means for these Missionaries to travel are to had. *Those who urged employing them had better begin to bestir themselves to furnish and gather the funds to pay their expenses and remunerate them for their time and labor.* It is quite as necessary to work, as to pray; and more to *pay up* towards effecting an object, than to commend it to others.

Thad Stevens.

From the New York Herald (Republican).

Thad Stevens was unquestionably a power in the land. To him, with his intense expression of the most virulent prejudices against the originators of the unsuccessful secession movement, is chiefly due the delay of that restoration of the Union which was the ostensible object of our late civil war. In September, 1865, when the echoes of hostile cannon had hardly ceased to reverberate, Mr. Stevens, in a public speech at Lancaster, declared his policy of reconstruction. He held that the South had committed no treason, but was a conquered foreign power, and was therefore to be condemned to what, with a grim humor, he styled a "mild confiscation." Of its three hundred and ninety-four million acres of land, forty millions, he contended, should be given to the emancipated negroes in farms of forty acres each, and the proceeds of the sale of the remainder, estimated by him at three thousand five hundred and forty million dollars, should be applied to the extinction of the national debt. When the President and Congress declared war against each other, Mr. Stevens became, as he continued to be to the last, one of the fiercest antagonists of Mr. Johnson. His angry shaking and snapping of the lash over the Senators whom he failed to coerce into adherence to his impeachment policy proved more effectual with the House of Representatives. In the House of Representatives he was the acknowledged leader of the Republican members, many of whom surpassed him in ability, but none of them in audacity, and, we must perhaps allow, in sincerity. This one virtue his worst enemies must accord to him—the courage of an openly avowed hostility. The fact is that Thad Stevens was, almost independently of his own volition, an instrument for expressing and for working out the predestined purposes of the revolution through which the American people are passing. Malevolent, even malignant, as he appeared to be and was in his capacity as a public man, his friends represent him as courteous and genial in his private intercourse with them. Publicly he was an evil, but a necessary evil, and one naturally engendered by his antecedents and circumstances. Accepted, therefore, as a typical representative of the party which recognized him as its autocrat, he must always hold a historical position.

Nor will the death of Mr. Stevens result in consequences less important and historical than the position which he held while alive. It was his marvellous obstinacy, his Hannibal-like animosity against the South, which postponed the settlement of our national difficulties. His death, however much it may be lamented by his immediate personal friends and by his party, sounds the death-knell of the extravagant hopes of the Radicals. It was he alone whose firm will held together the most refractory among his partisans. Now that the control of his influence no longer exists, what is to hinder the disintegration of the party to which Mr. Stevens more than any other Republican leader had given concentration and force? His arrogance as a party leader had already received a double check in the failure of impeachment and in the postponement of the impeachment resolutions which he revived after the arrival in Washington of several new Representatives from the Southern States, whom he regarded as irrevocably committed to his own revengeful policy. While we fully recognize the talents and the strong individuality of the late Thaddeus Stevens, and even whatever merit there may be in the honesty of his open and avowed hostility to all his opponents, we must regard his removal by death as a misfortune to his party rather than to the nation.

DUBLIN, August 17.—Late Saturday afternoon a coroner's inquest was held on the body of Mr. Scully, lately murdered by his Tipperary tenants. After hearing a mass of evidence, the jury brought in a verdict of murder, but took occasion to deprecate Scully's action, and suggested that new and more liberal laws were needed to prevent a repetition of such scenes.

ST. LOUIS.

ST. LOUIS, August 17.—Dispatches from Solomon City, Kansas, dated Saturday, say the Indians are reported to be within twenty-eight miles of that city. Their strength is variously estimated at from six to fifteen hundred, and they are reported to have declared that they were going to clear out the settlements on these streams. Women and children are coming in very fast, and the town is really full of refugees. It is credibly reported that a detachment of soldiers had an engagement yesterday evening with Indians, between the Solomon and Saline rivers, in which the soldiers were whipped. Nearly all the settlers north of Asher creek are surrounded. We know of eight persons being killed, and excepting those surrounded, all the settlers for thirty miles along the Solomon river have been driven off.

Gov. Crawford came up from Topeka to-day, and is now in Salina organizing the militia. One squad has gone from this place to the relief of those up the river, and others will go as soon as arms and ammunition arrive from Topeka. A body of Indians is now moving towards Republican Valley.

An Omaha dispatch says that while a construction train on the Union Pacific Railroad was backing toward Fremont Station it ran over a cow, throwing the caboose car off the track, killing five men and wounding twelve. Two of the latter died yesterday. All were employees of the road.

WASHINGTON.

WASHINGTON, August 17.—Commissioner Rollins has returned to his duties. He was this morning engaged for some time in conversation with the Secretary of the Treasury. It is definitely settled that Rollins will not retire from office, at least until after the reassembling of Congress.

The appointment of supervisors under the new tax law will receive proper attention from the Secretary. In the meantime nominations have been made by Mr. Rollins. The intention is to make the appointments nearly as practicable as the business of the Department requires the attention of such officers.

Gen. J. O. Rawlings is confined to his bed. He had two hemorrhages of the lungs yesterday. He is, however, somewhat better, and it is hoped will be out in a day or two.

For the week ending the 15th, 285 patents have been issued from the Patent Office.

The section of the new tax bill prohibiting the distillation or redifying of spirits in distilleries within 600 feet of each other, will involve several complicated legal questions, as its object will be to suppress one of the establishments so situated. Many large distilleries are in that proximity.

Several more army paymasters have been honorably mustered out.

Attorney General Evarts has rendered an opinion on the question of the appointment of a Collector for Alaska. He says the office should be set in operation at once, unless there is some legal impediment. I do not find it embraced within the tenure of office act, and with the accepted construction of the power of the President, I have no doubt of his power to grant a commission to a Collector of Customs for Alaska, which shall expire at the end of the next session of the Senate.

Attorney General Evarts has also given his opinion that the office of Collector at New Orleans is now vacant, becoming so by the resignation of Kellogg and his complete installment as a member of the Senate. The Constitution says the President shall have power to fill all vacancies that may happen during the recess of the Senate by granting commissions that shall expire at the end of the next session. Nothing in the tenure of office act affects the power of the President in the case submitted for my opinion.

SECOND DISTRICT returns show seven arrests up to 8 o'clock p.m. Fourteen cases disposed of and 'nary red' collected.

THE BOARDERS in the Hotel de Beau mont are steadily on the increase. Jail deliveries will have to be weekly hereafter.

THE WEATHER was rainy and gloomy enough yesterday to suit any misanthrope. The continued rains are injuring cotton crops in this region very much.

SIXTH WARD DEMOCRATIC CLUB.—Regular weekly meeting Wednesday evening at 8½ o'clock, at Waldran Block. Business of the utmost importance demands the attendance of every member.

IN THE First District there were eight arrests up to midnight. Sixteen cases were disposed of, one hundred and fifty dollars assessed, and fifty-five dollars collected at the Commissioners' Court,

SECOND WARD DEMOCRATIC CLUB. Regular weekly meeting this, Tuesday evening, 8 o'clock, at hall on Poplar street. The Hon. John W. Leftwich will address the Club. Business of importance demands a full attendance, Citizens generally are invited.

THE Fourth Ward Democratic Club will meet this (Tuesday) evening at Stillman Hall. Speakers will be present to address the meeting, and business of importance will be presented for the consideration and action of the members.

By order of the President.
S. S. ANDERSON, Secretary.

PERSONAL.—Col. Kinlock Falconer, of the Holly Springs *Reporter*, Lieut.-Gov. elect of Mississippi, is at the Worsham, where he will remain until Friday. The *Reporter* is one of the best advertising mediums of North Mississippi, and we recommend those of our merchants who wish to extend their business in that direction to give Col. Falconer a call.

—Capt. Bob. Gibson arrived in the city yesterday after a short absence from the city, rusticating in the wilds of Tennessee.

MORITZ WOLFF.—The case of this gentleman was again postponed until to-day at 2 o'clock. Meanwhile a perfect cloud of witnesses have been summoned, and great interest seems to be taken in the affair by all parties. Mr. Wolff's friends are confident that he will be able to prove his innocence. We hope he may.

NEW ECLECTIC.—We have received the September number of this sterling magazine. Its contents are fully up to the standard, the editors avoiding the selection of too many heavy articles, without descending to the *frivole*. One little piece of poetry in the miscellany entitled "Some Day," is worth a year's subscription to any lover of the beautiful.

ASSAULT WITH DEADLY WEAPONS. Steve Johnson alias Williams, negro, assaulted Bill Ransom, another negro, with a hatchet and bowie knife on Sunday. He was carried before 'Squire Griffith yesterday, but the examination was postponed until Thursday, 20th inst., and he was remanded to jail, ball being refused.

BIG SNAKE.—We saw a rattlesnake yesterday which was killed on the Little Rock Railroad, and which measured five feet two inches in length, fourteen inches round the body, and had sixteen rattles and a button. We thought as we saw him lying dead that it would be eminently proper for the Radical papers to go into mourning over his untimely death.

EMMONS & SON, No. 10 Jefferson street, and 393 Main street, have received Turf, Field and Farm, German Leslie, Italian Paper, Southern Home Journal, American Union, Home and Abroad, London Art Journal for August, London Builder for July, St. Paul's for August, All the Year Round for July, Demorest for September, London Society for August, Dewitt's Dime Novel, No. 25; "The Toy Desk," and all the dailies. We can fill orders now for campaign badges.

HORSE STEALING.—W. H. Warren, who was arrested on Sunday morning for horse stealing and lodged in the Adams street guardhouse, was taken before 'Squire Kiernan yesterday for a preliminary examination. He acknowledged the act, but plead that he was drunk and did not know what he was doing. The 'Squire had no discretion in the matter but to send him up, which he did, to answer to the next term of the Criminal Court.

NORMENT & GRAVES.—These gentlemen, located at No. 4 Howard's row, present their card to the public through the columns of our journal to-day. The senior member of the firm, Mr. Norment, is an old merchant, and has few equals as a "cotton man," to which he expects to devote his attention exclusively. They will fill all orders intrusted to them promptly and at the lowest market rates. Planters wishing to form new connections should call on Messrs. Norment & Graves.

MEMPHIS AND CHARLESTON RAILROAD.—The annual meeting of the stockholders in this corporation takes place in this city on the 26th inst. The attention of all interested is called to the fact, and to the notice in another column of Geo. Robertson, Esq., Secretary and Treasurer. Stockholders and their families will be passed free over the road on showing the conductor their certificates of stock, from one day before until one day after the meeting.

ROBBERY ON A STEAMBOAT.—As the steamer Mary E. Forsyth reached the wharf yesterday, a young man named James Halbert came ashore, and seeking a police officer, told him that he had been robbed the previous night of nearly two hundred dollars in specie and currency, and could point out the party who he thought had done it. The officer went aboard with him and, at his instigation, arrested a very respectably dressed, and good-looking young man, who gave his name, on being brought to the Adams street station, as Martin Chiswell. The circumstances of the robbery point very strongly to him as the guilty party. Mr. Halbert says that after he had retired Sunday night, his room-mate had occasion to leave the stateroom, and a moment after he went out, this young man came in and commenced rummaging among the clothing. Mr. H. at first thought that it was his room-mate, but soon found out that it was not, and asked the stranger what he wanted. He replied that he had mistaken his stateroom and went out. Mr. H. got up and examined his clothing to see if everything was right, and finding his property all right, again retired. His room mate soon came in and retired, and but a few minutes elapsed before the door opened and the stranger again entered. On being spoken to he retired, excusing himself by saying that he had again mistaken his stateroom. The gentlemen then went to sleep, and on arising yesterday morning found that somebody had succeeded in gaining admittance a third time, and had gone through their clothing, taking from the pocket-book of Mr. Halbert sixty-five dollars in green backs and a hundred and twenty dollars in gold. Everything pointed to the man who had twice surreptitiously entered the room, and, as related, as soon as the steamer reached the landing, they caused his arrest. Col. Beaumont will give the matter an investigation to-day.

THE IMPENDING CONFLICT.—Citizens on Jefferson street and around the levee, were somewhat astonished, and their nerves rendered not a little shaky last night at seeing several squads of the Metropolitan Police armed with rifles and cartridge boxes, and looking as if they were on "deeds of death and dire destruction digh." In a few minutes after they appeared thus on the streets the wildest sort of rumors were rife and gained credence. By some it was stated that a Kuklux raid was anticipated, and that Col. Beaumont intended to exterminate them. Others had it that Judge Lewis and Gen. Smith, the five hundred pound and fifty pound lumps of iniquity, had returned from Nashville, and were on the war path, and with scalping knife and tomahawk were after the great Ku-klux-catchers, who had called out his trusty followers to repel them. The secret, however, leaked out that they were merely to preserve the peace in case a certain meeting was held on the bluff, and certain threats of the Buzzard Roost wing of the Radical party were carried out. The Buzzards, however, finding the game thus stocked on them, concluded not to use the Roost, and held their meeting in the Chancery Court room, thus avoiding all chances of a collision. At writing (midnight) order reigns supreme, and no signs of a skrimmage.

MURDERER ARRESTED.—Officers Sweett and Metcalf, of the Second District police, arrested on Sunday night a negro man named Miller, alias Hughes, who is charged with the murder of William Ryan, on or about the 15th ult. The circumstances of the murder, as detailed by the *Ledger* of yesterday, are as follows: "Ryan having had a skiff stolen, followed the thief some ten miles below the city, recovered the skiff, captured the thief, and started homeagain. Arriving opposite the city just as a severe wind storm was coming up, when last seen he was in the skiff midstream, struggling with the thief, who to all appearances was endeavoring to throw him into the river. The result of the struggle was concealed by the storm which followed, and when it had passed over neither Ryan, the thief or the skiff were anywhere to be seen on the surface of the river." The negro Miller, or Hughes, had been in the employ of Ryan, and disappeared about the time that the skiff was stolen. He did not turn up again until Saturday, when he was seen and recognized by Mrs Ryan, widow of the murdered man, who identified him also as the person last seen in the skiff with her husband. He was arrested, lodged in the Causey street station, and will have a hearing to-day at 2 o'clock before 'Squire Black, when no doubt further particulars will be developed.

STEAMBOAT CLUB MEETING LAST NIGHT.—There was a large attendance at Stillman Hall last night, brought together by the announcement that several of the ablest speakers in the city would make addresses. The meeting was called to order by Capt. Matt. Glass. Upon motion, the reports of the different committees were postponed until the next regular meeting, on Monday night next. The reading of the minutes were also dispensed with, when Col. A. H. Douglas being called upon, that gentleman arose and made a few remarks, when Col. F. A. Tyler delivered an eloquent address, in the course of which he touched upon many of the leading questions of the campaign. Col. Douglas being again called for, arose and made a speech, which we need not say was well received, as our readers all know the Colonel to be one of our ablest and most fluent speakers.

The Club now numbers 132 members, and is increasing every week.

Upon motion, adjourned.

A GOOD HOTEL.—Our friends in the country who propose visiting Memphis this fall and winter, will find in the Commercial all that they can desire in the way of an excellent, comfortable, homelike inn. This hotel, situated on Jefferson street, between Front and Main, is within a stone's throw, almost, of the landing, close to the newspaper, steamboat and railroad offices, and otherwise most excellently located. The rooms are well furnished, clean, airy and comfortable; the table is supplied with the best the market affords, and the servants are well trained, polite and attentive. The house is kept by gentlemen born and raised in the South, who have every consideration for their guests. A trial will convince every one that the Commercial is all we claim for it. Terms to suit the times. wtf

THE CONCERT TO NIGHT.—Our music loving friends, who have so long been debarred the pleasure of a really musical entertainment, have a rare treat before them in the programme that has been prepared for the Hebrew Benevolent Association Concert to-night. As already announced, it will be the last appearance in Memphis, for some time, of its two musical proteges, Messrs. Wheat and Farmer. They will be assisted by the Concordia Gesangverein and many well known artists and artistes. The programme embraces, among many good things, a duo, flute and piano, from the music of the *Black Crook*. The box office is at Messrs. Cowperthwait, Chapman & Co.'s, where seats can be secured.

FINANCIAL AND COMMERCIAL

OFFICE OF THE DAILY APPEAL,
MEMPHIS, August 17, 1868.

There is very little of interest to record in money circles. The demand for money for business purposes continues to be very fair, and in all cases where applicants are known to be prompt they meet with liberal assistance at the usual rates of discount. Exchange is easy—both buying and selling—with only an occasional shipment of currency to Cincinnati or St. Louis. We quote Eastern at par to ¼ premium buying. Selling at ¼ premium.

The Bond and Stock market is very quiet. But few sales have taken place during the week. City Bonds, which have been taken quite freely at 50@51c, are now unsaleable at the inside figure. This decline in bonds is attributed to the presence of one or two of our brokers in New York who are forcing bonds upon that market. Mr. Thomas Barrett, who purchased scrip to a large amount and then sued the city, but finally received bonds for his claims, is on Wall street, and has been very anxious to sell at 54c, but the best offer received was 50c. It is a great misfortune that so much of our city indebtedness has fallen into the hands of harpies who have no interest whatever in its prosperity, but who would sacrifice every property holder on this bluff for their own individual aggrandisement. All the efforts made by our banks and city authorities to hold up the credit of our city must, we fear, prove unavailable, while such men are creditors to any amount.

Gold opened in New York at 147¼ and and closed at 146½. We quote at 143@144 buying. Selling at 145@145¼.

The New York stock exchange quotations at noon to-day were as follows: Five-twenties, coupons of '81, 14½; do '62, 13½; do '64, 9½; do '65, 11½; do new issue, 8½; do '67, 7¾; 10-40s, coupons, 8½. Old Tennessee bonds, 64½; New Tennessee bonds, 63¾. Government bonds steady.

Memphis and Charleston Railroad stock is in fair demand at 52@53c, with holders asking 54@55c. There is also a good demand for Mississippi Central bonds, but none offering.

City Scrip is dull. Very few brokers are inclined to buy as the demand is very light. Large pieces are dull at 70c, while small ones are held at 72@73c. Brokers sell at 75@78c.

County Warrants are in better demand. We quote a few small sales at 52@53c to brokers, who fill orders at 54@55c.

Police Scrip is in active demand at 75c. Selling at 80c.

By telegraphic reports from all sections up to the 13th inst., we learn the following in reference to crops, as compared with last year. Allowance must be made for heavy rains which have since prevailed:

EAST, CENTRAL AND SOUTHERN TEXAS.

The following is a report of this district, embracing the Natchez, Trinity, Brazos and Colorado valleys, also some of the best upland counties in the State, covering the best part of the cotton, corn and sugar growing country, but only a small portion of the wheat region. It also reaches as far west as San Antonio, taking in Guadalupe, Cornal and San Antonio valleys:

Cotton—A little less was planted than last year. The yield promises a third to a half more. The prospect for maturing is excellent, but not safe as yet from the worm, which has appeared in a few localities. The weather is warmer than usual, with less rain and otherwise favorable. Half a crop is considered almost certain in the most untoward event. Some localities report more rain, and well grounded fears of the worm; others that the prospect is better than in five years.

Corn—The same amount was planted as last year; it suffered from drought early in the season, and the yield is perhaps an eighth less and of good quality.

Sugar—Less was planted, but it promises well; from a quarter to a third more yield is expected from the amount of planting.

Peas and Pumpkins—The yield will be about a quarter more than last year.

Sorghum—About a quarter more is expected than last year.

Vegetables—The yield is abundant and the quality good.

The general prospect promises relief from the effect of the partial failures of the last two years.

SOUTHEASTERN LOUISIANA, WEST MISSISSIPPI AND SOUTHWEST TENNESSEE.

Reports from all important points in this district show the following:

Wheat—The crop is small and of the average quality.

Corn—The yield is about a quarter more.

Oats—There is about an average yield.

Fruit—The yield was about half more than last year.

The rains have been excessive during the last six weeks, and owing to this fact the prospect of the cotton crop has been seriously damaged. The corn crop is sufficiently matured to render a fair crop certain.

TENNESSEE.

Wheat—The yield of wheat this year is about a half more than last and of fair quality.

Corn—There was about twice as much planted this year and the crop is very fine.

Oats—The yield is about a half more and of good quality.

Barley—Not more than half as much was planted this year, but the yield and quality are better.

Cotton—About a fourth less was planted this year, but the yield promises to be equal to last.

MISSISSIPPI.

Sardis, Panola County.—Cotton—Prospect fair, much better than last year; worm is making its appearance.

Corn and Potatoes—Excellent.

Wheat—Poor; yield small.

Fruits—Abundant.

Weather—Warm; too much rain for cotton.

Panola, Panola County.—Corn—Crop twenty per cent better.

Potatoes—Abundant and excellent; fifty per cent more planted than any previous year.

Hogs—About the same as last year.

CENTRAL AND EASTERN ARKANSAS.

Reports from all important points in this district indicate as follows:

Wheat—The yield is about the same as last year, and the quality good.

Corn—The yield of corn will be about a half more than last year, and the quality fair.

Cotton—Less area was planted this year, but the prospect of maturing is very good.

Fruits—All kinds are abundant.

NORTHERN LOUISIANA.

Reports from all the important points in this district indicate as follows:

Corn—There is about one-third more this year than last, and the quality is good.

Fruit—The yield is immense and of very fine quality.

Cotton—There was about a fourth less planted this year in anticipation of danger of worms. The yield is estimated at about one-fourth more than last year.

Sugar—None planted.

Potatoes—The yield is large.

It is seldom that crops generally have been better. The weather has not been so very warm, but there was too much rain in July.

SOUTHERN LOUISIANA.

West of the Mississippi the quantity of land under cotton is but a little over one half, while the yield will be equal to last year; but under corn, sugar, rice and potatoes, the quantity is double and the yield in proportion. Much cane will be held for seed. The season for cotton has been unfavorable, but for other articles auspicious.

Oranges—The crop is large.

Grain—There is no wheat, barley, etc., east of the Mississippi. On the Gulf a double quantity of land was planted in cotton, but there will be no more than last year.

The general prospect of all the crops in Louisiana and Mississippi is good, but danger to cotton from the army worm and rot where the growth is rank is threatened, owing to excessive rains, and if not damaged the crop will equal last year's.

The first bale of cotton of the new crop ever received in Memphis was on the 13th of this month. This was some years ago or previous to the war. It was consigned to E. M. Apperson, Esq. The first bale of the crop of 1866 was received by the same gentleman on the 18th of August. On the 31st of August, 1867, Delap & Co. received the first bale. It classed Middling and sold for 40c. A new bale was received to-day consigned to Mhoon & Co., of this city, but we can not consider it a legitimate Memphis bale. It was raised on the plantation of Mr. E. P. Tyree, of Washington county, Miss., classes barely Low Middling, and will not weigh 400 pounds. Apart from its weight we do not think it can be considered as properly belonging to Memphis, but should have been shipped to New Orleans, where the whole crop of Washington county seeks a market. We question whether that county has sent 50 bales to this market in the past year. With about the same propriety could the first Texas bale find its way to Memphis, or those recently received at New Orleans, Selma, Montgomery or Mobile be sent here. Cotton coming from the section of country tributary to Memphis alone should be entitled to the consideration due the "first bale," and it only should receive the reward which custom has given to the enterprise and energy of the shipper. The bale alluded to above was unsold last evening, though we learn that 35c was bid for it.

The cotton market for the week has been irregular, opening in Liverpool at 9¼d for Uplands, while in New York Uplands were weak at 29@29½c. There was no change until Thursday, when Uplands went up to 10d in Liverpool, and 29½c in New York—at which figures both markets were firm on Friday. On Saturday prices again advanced in Liverpool to 10⅛d, but in New York 29½c was the outside figure for Middling. The Liverpool market was active at the opening to-day; Uplands, 10½d; Orleans, 10½d; and closed buoyant and advancing, Uplands, 10⅝d; Orleans, 11d. Sales 20,000 bales. In New York at the opening to-day, cotton was quiet, but prices firm; Low Middling, 27½c; Middling, 29½c; Orleans, 30c; Good Middling, 33c; and closed very firm, with holders asking higher rates; Middling, 30c. Sales 1000 bales. Our market has been very quiet. Sales for the week will not exceed 15 bales.

Business in every department is looking up. The improvement is perceptible to the most ordinary observer, and is acknowledged by merchants who are proverbial for grumbling. There is scarcely a house in our city which is not advancing on the new crop, and orders come in quite liberally from every direction. The dry goods market has been steady since our last, with, perhaps, a tendency upwards on a few leading styles of prints. The bulk of the fall trade is not looked for until cotton comes in tolerably freely, or, say, for another month. Stocks are large and admirably selected, and prompt buyers can make their own terms.

The Boot and Shoe market, like all others, has been moderately active since our last, and prices are well maintained in all kinds of ladies' and gents' wear. All our shoe houses are now filled from cellar to roof with new goods, and are prepared to vie with any market this side of Boston or New York in range of styles or prices. Of the New York market the *Shoe Reporter* says:

The usual complaints of dullness at this season of the year continue to be made, but our dealers are already beginning to experience an increased demand, in advance of the opening of the regular fall trade. Prices are firmly held, though buyers have an advantage just now that they will not realize a few weeks later. Manufacturers are employing all hands, and have a large number of orders ahead. Assortments generally are good; though not over abundant.

The provision market has been somewhat unsettled, and the ideas of our dealers are widely at variance as to the tendency of meats for the rest of the season. The demand here is not of a speculative character, but seems to be for home consumption, as sales generally are small—more of a jobbing kind than anything else.

The Fruit market is quiet, and receipts of all kinds are falling off. Good hand picked apples, free of bruises, are still in demand for shipment, but our dealers mostly prefer the dried fruit at this season. We of the South are laboring under many disadvantages which it is hoped time will remedy. Over all sections of the North the Express Companies, for instance, carry fruit at very low rates, and show their anxiety to deal honestly by the shipper by taking all fruit C. O. D., thereby giving an assurance that their part of the contract would not be neglected. From almost any part of Illinois peaches are taken to St. Louis or Chicago at 20c per box. Here we learn that the Southern Express Company requires all shipments of fruit to be paid in advance at rates ranging from 20c to 50c per cent higher than those mentioned above. Arrangements have been made, however, by which the Great Western Dispatch will forward fruit next season at very much reduced rates.

Receipts of Wheat are light—barely affording enough to keep our mills working in daylight. Several car loads have arrived during the week from Middle Tennessee, and some also from North Mississippi.

BRAN—Market dull, with fair receipts. Selling in store and on levee at $2 20@22 per ton.

BUTTER—Fair demand for choice at 35@38c as to size of package.

BACON—Stock equal to demand. We quote sales of 8 sacks Clear Sides, 17½c; 5 casks do. at 17½c; jobbing in a small way at 18@18½c. Ten casks Shoulders sold at 13½c; jobbing at 14c. Breakfast Bacon, 18@19½c.

COTTON GINS

COTTON GINS! COTTON GINS

E. CARVER CO.'S

Improved Gins!

THE great number of these celebrated Gin Stands in use throughout this whole country, are actual working witnesses of their acknowledged superiority. No neighborhood is without some of these splendid machines, and we make reference to each and every planter now using them as to their superior advantages over all others.

Those needing Gins will consult their best interests when they bear in mind that the "E. CARVER CO.'S IMPROVED GINS" can be had with any desired number of Saws, either right or left hand motion, by calling on or sending their orders to

ALLISON BROTHERS,

Sole Agents, 270 Front St., Memphis.

Commission Merchants desiring to make purchases of Gin Stands for their customers, will find it to their advantage to call upon us. jy14 2m ALLISON BROTHERS.

Pratt's Southern Made Cotton Gin

THIS GIN is regarded by planters who have used it, as the best for sample, picking the seed clean and light draught. Planters cultivating bottom lands are requested to examine the Eureka Gin at Farrington & Howell's, 268 Front street. It will pay for itself in ginning fifty bales. A. N. Gunnison, manufacturer of the Seed Comb Gin before the war but now a planter, gives the following certificate:

"MEMPHIS, TENN., January 31, 1868.

"I take pleasure in recommending to planters cultivating Cotton on bottom lands of the Mississippi, Arkansas, White and St. Francis rivers, the Eureka Gin, made by Daniel Pratt, of Alabama. This Gin separates the hulls, boils, etc., from the Seed Cotton, makes a good sample, and is superior to any other Gin for bottom lands. I have used one myself on a farm in Washington county, Miss., and it operates well and gives entire satisfaction in every respect. A. N. GUNNISON."

Orders for Gins, from 40 to 60 Saws and Gum Belting, at Factory Prices, addressed to the care of FARRINGTON & HOWELL, 268 Front street, Memphis, promptly filled. Presses and Gearing put up, and Gins repaired by a skillful Ginwright. G. W. TRUHEART, jy25 3taw2m&w Agent for Daniel Pratt.

EAGLE COTTON GINS.

WE are the Sole Agents for the sale of these unrivalled Gin Stands. For beauty of STAPLE, LIGHTNESS OF DRAFT, AND QUANTITY OF LINT COTTON turned out per day, they are unsurpassed. Reference can be safely made to every planter who has given them a fair trial. Where mule power is used, they make a saving of from one-quarter to one-third the draft OVER ANY OTHER GIN. We are also agents for STRAUB'S GRIST MILLS, and WHEELER, CLEMSON & CO.'S CIRCULAR SAWS.

No internal adjuvants being required in any case, only to regulate the bowels, if constipated, or in Diarrhœa and Dysentery.

The PILES, while astonishingly prevalent in their various forms amongst all classes of both sexes, are, at the same time, the most distressing, frequently dangerous, and hitherto most difficult of cure.

Persons who suffer any length of time with the Piles generally try everything they can learn of purporting to cure the disease, yet realize no permanent advantage therefrom. They have been told professionally, perhaps, there was "no permanent cure for Piles," and consequently have despaired of any future cessation of the pain and suffering.

To all such a SPECIFIC is offered for their relief. The

TO CONTRACTORS.

OFFICE OF THE BOARD OF LEVEE COMMISSIONERS FOR THE COUNTIES OF BOLIVAR, WASHINGTON AND ISSAQUENA,

GREENVILLE, MISS., August 5, 1868.

SEALED PROPOSALS will be received until Saturday, the 29th day of August, for the construction of the following Levees.

IN BOLIVAR COUNTY.

Kirk's Levee, about 40,000 cubic yards.

Eddie's Point Levee, about 40,000 cubic yards. From Vicks to Vernighton, about 180,000 cubic yards.

Lake Bolivar Levee, 180,000 cubic yards.

WASHINGTON COUNTY.

Levee from Tarpley's to Mrs. Campbell's, about 170,000 cubic yards.

Greenville Levee, about 20,000 cubic yards.

Kershaw's Levee, about 20,000 cubic yards.

ISSAQUENA COUNTY.

Camack's Levee, about 150,000 cubic yards.

Christmas Levee, about 150,000 cubic yards.

Separate proposals may be made for each of these Levees, or for the whole number in the District. Propositions must state the price per cubic yard for which the work will be constructed.

For the information of capitalists, I would state that the whole amount of indebtedness of the Board is about $138,000, and that the tax on the present cotton crop will more than discharge every form of obligation.

Any information in regard to the Levees, or matters pertaining to their construction, can be obtained by application at the office.

Our Latest Improved

NEW SCALE PIANO-FORTE.

GROVESTEEN & CO.,

499 Broadway, N. Y.,

THESE instruments, after the most flattering testimonials from the first Pianists in the country, who, at our solicitation, have tested them in the severest manner possible, have been pronounced THE FINEST SQUARE PIANO-FORTE MADE IN THE WORLD.

It has always been our policy, during the *thirty-six* years that we have manufactured Pianos, *twelve thousand* of which are now in use in the United States and Europe, to give the finest instrument at the lowest cost. Our superior facilities enable us to offer them from one to three hundred dollars *less* than any other First Class House.

The tone of these instruments are remarkable for their peculiar sweetness and Great Brilliancy, never losing their quality when forced to their utmost capacity. The lower register retaining its positiveness, does not destroy the middle and upper registers by mingling with them in disagreeable confusion, the refined beauty of tone being equally delightful to the unpractised and to the most critical ear.

They are an entirely new style of Piano, finished in the most superb manner, *with four full round corners, front and back*, heavily carved legs and Lyre Serpentine Base richly moulded, and each instrument is fully warranted five full years.
